### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: In line 2 of paragraph [0001] of the specification after "2000" the phrase -- now U.S. Pat. No. 6,919,122 -- has been inserted in order to update the continuity of the parent application.

2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach, disclose or fairly suggest a toaster including first and second belts wherein the first belt has first flights on one side and second flights on the other side, the flights being of a different pattern on each side, the first belt configured to wrap around second belt and wherein the first belt contacts the first face of the bread products as in claims 102, 121, 128 and 150 in combination with all the other limitations in these claims. The withdrawn claims which are dependent from the allowed independent claims have been rejoined therewith.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
